BRUNO'S BEST-SELLING STAIRLIFT, THE ELAN

Bruno's most popular stairlift can help restore full access to your home. Designed for straight indoor staircases, the Elan offers a mix of high-quality standard functionality, unsurpassed reliability, and ease-of-use design.

With Made-in-the-USA dependability, Bruno helps you stay in your home with comfort and ease.

✓ Verified order

"Since we got the stairlift, we don't know what we did without it for so long. We are very pleased with it."

Joseph L.

DEPENDABLE QUALITY. QUIET RIDE.

Easy Operation. Push the armrest paddle control to travel up and down the stairs. Two wireless remote controls also included.

Space Saving. Narrow vertical rail installs close to the wall to preserve maximum stairway space.

Sleek & Clean. The Elan's vertical rail with hidden gear rack gives a clean appearance and reduces exposure to dirt and grease.

Dependable. Battery-powered operation ensures performance even in a power outage. Stairlift continually charges along entire rail.

Compact. Fold the Elan's arms, seat and footrest to save space when stairlift is not in use.

Safe. Seat swivels up to 90° away from steps, then locks in place for safe exit. Seat belt and obstruction sensors ensure safety.

✓ Verified order

"I love the Bruno stairlift! It takes up much less space than I expected."

Mary Jo C.

AVAILABLE OPTIONS

Add a folding rail for a narrow hallway application or when a doorway is at the bottom of the stairs. Manual operation or push-button automatic.

Convert the manual Elan swivel seat to optional power swivel and the chair will automatically rotate up to 90 degrees with the push of the armrest control. Further simplify your Elan with a power folding footrest. Fold the seat and the footrest automatically folds, too. Great for people with back issues!

✓ Verified order

"Excellent quality, runs smoothly, money well spent."

Priscilla M.

Installs within 5 in (127 mm) of the wall

PREMIUM Discover its comfort

Here are grouped the main information related to the operation your stair lift. The "green" LED indicator indicates that the ap the same is under tension. The "Red" LED indicator indicates that your PREMIUM is ready for use. You will also be able to turn off the chair by toggling the switch to the O or OFF Button

The step is maneuvered effortlessly using a lever located on the side of the device. Above, another controller concerns the devé rusting of the pivoting of the seat of the stair lift. This pivots ment will allow you, when you arrive upstairs, to turn around and lead your feet onto the landing before getting up. Therefore, more security and peace of mind.

Comfortable all the way to your fingertips with its wireless "radio" remote control.
